

# TASTE THE GOODNESS OF PURITY

**SHRI DUTT INDIA PVT. LTD.**

# ABOUT

---

# Shri Dutt India

Shri Dutt India Private Limited is a diversified conglomerate with a strong presence in both the dairy and sugar industries. The company's dairy brand, Shri Dutt's Dilicia, is well-regarded for its high-quality milk products. Shri Dutt India operates two major milk processing plants under the Dilicia brand. The first plant is located in Thurbe, Navi Mumbai, with a processing capacity of 300,000 liters per day. The second plant is situated in Kolhapur, with a processing capacity of 200,000 liters per day, and includes a facility capable of producing 10 metric tons of milk powder per day.

In addition to its dairy operations, Shri Dutt India is heavily involved in the sugar industry. The company owns and operates three sugar factories located in Maharashtra and Karnataka, which are crucial to its sugar production capabilities. Shri Dutt also runs a sugar refinery in Kandla, Gujarat, further expanding its footprint in the sugar sector. Notably, Shri Dutt is one of the largest sugar exporters from India, underscoring its significant role in the global sugar market.

Shri Dutt India has diversified its operations to include a distillery with a capacity of 400,000 liters and a power generation facility with a capacity of 48.5 MW per day. Moreover, the company operates a PP bag manufacturing plant with a capacity of 100,000 bags per day, demonstrating its broad industrial capabilities.

In the financial year 2022-2023, Shri Dutt India Private Limited achieved an impressive turnover of INR 10,000 crores, reflecting its robust presence and performance in the industry. The company continues to expand and innovate, maintaining a strong commitment to quality and customer satisfaction across all its ventures.

# OUR Values

---

“

**We are committed to upholding the highest standards of integrity and transparency in our business practices. Our core values center around fostering strong relationships with our suppliers and customers, ensuring mutual benefit and trust.**

”

Quality is at the heart of everything we do; from our sugar trading to our dairy products, we strive to deliver excellence. Our strong supply and distribution networks reflect our dedication to efficiency and reliability. We prioritize sustainability and innovation, constantly seeking ways to improve our processes and reduce our environmental impact. By fostering strong relationships and upholding ethical standards, we aim to create lasting value for all stakeholders.

# OUR Infrastructure

At Shri Dutt India Private Limited, our state-of-the-art infrastructure and advanced technology form the backbone of our operations. Our facilities are equipped with cutting-edge machinery for homogenization, pasteurization, and bacteria clarification, ensuring the highest quality in our dairy products. Strategic proximity to our milk farm suppliers minimizes processing time, enhancing product freshness and shelf life. Our robust logistics and distribution networks are powered by the latest technology, enabling efficient and reliable delivery to our customers. This commitment to infrastructure and technology underscores our dedication to excellence and innovation in the industry.

# OUR

# Innovation And R & D

Our commitment to innovation drives our research and development efforts. Our dedicated R&D team continually explores new methodologies to enhance product quality and efficiency. By leveraging cutting-edge technology, we have introduced advanced techniques in homogenization, pasteurization, and bacteria clarification, ensuring our dairy products are of the highest standard. Our focus on innovation extends to our sugar trading operations, where we adopt the latest practices to maintain superior quality and competitiveness in the market. Through continuous investment in R&D, we aim to pioneer advancements that set new benchmarks in the industry.

# Product Range

## Dilicia's Kolhapuri Buffalo Milk

Available in Pack Sizes

200 ml | 500 ml | 1000 ml | 5 ltr

Dilicia Buffalo Milk offers a rich and creamy texture, perfect for making indulgent dairy products. High in proteins and calcium, it supports strong bones and muscle health. Sourced from well-cared-for buffaloes, Dilicia Buffalo Milk is free from artificial additives, ensuring natural, healthy goodness in every drop. With 6.5% fat and 9.0% SNF (solids-not-fat), it delivers both superior taste and nutritional value.

Fat - 6.5 % | SNF - 9.0 %

Fat - 4.0 % | SNF - 9.0 %

## Dilicia Cow Milk

Available in Pack Sizes

200 ml | 500 ml | 1000 ml

Dilicia Cow Milk is sourced from free-range, grass-fed cows, ensuring high quality and nutritional value. Each batch undergoes rigorous testing to guarantee purity and freshness. With 4% fat and 9% SNF (solids-not-fat), Dilicia Cow Milk is a rich source of essential amino acids and nutrients, including calcium and vitamin D, which help protect muscle mass from being used for energy.

# Dilicia's Toned Milk

Available in Pack Sizes

200 ml | 500 ml | 1000 ml

Dilicia Toned Milk is a slightly modified yet nutritionally similar version of traditional cow's milk. It undergoes a precise process to reduce fat content while retaining essential nutrients like protein and calcium. Ideal for those seeking a healthier lifestyle without sacrificing the goodness of dairy, it is a great option for people without dairy allergies. With 3.0% fat and 8.5% SNF (solids-not-fat), Dilicia Toned Milk offers a balanced and nutritious choice.

**Fat - 3.0 % | SNF - 8.5 %**

**Fat - 1.5 % | SNF - 9.0 %**

# Dilicia's Double Toned Milk

Available in Pack Sizes

200 ml | 500 ml | 1000 ml

Dilicia's Double Toned Milk is a low-fat milk containing as little as 1.5% fat and 9% SNF (solids-not-fat), making it an excellent choice for maintaining healthy cholesterol levels and supporting heart health. It offers more Vitamin D than toned milk, enhancing calcium absorption in the body and aiding in regulating blood sugar levels by managing insulin secretion, which helps prevent premature aging. Despite its slightly thinner consistency compared to full cream milk, Dilicia's Double Toned Milk still maintains a good balance of essential nutrients.

# Dilicia's Standardized Milk

Available in Pack Sizes

200 ml | 500 ml | 1000 ml

Standardised milk is an emulsion of fat globules in milk serum. Milk standardization aims to regulate the fat content by adjusting fat levels through removal, addition, or other ingredients. Dilicia Standardised Milk is meticulously crafted, combining the richness of cow and buffalo milk to ensure precision in every sip. It maintains a composition of 4.5% fat and 8.5% SNF (solids-not-fat). With stringent quality checks at every stage of production, Dilicia Standardised Milk guarantees freshness and purity in every sip, delivering uncompromising quality and taste.

**Fat - 4.5 % | SNF - 8.5 %**

# Dilicia's Kolhapuri Buffalo Milk Dahi

Available in Pack Sizes

80 g | 200 g | 400 g | 500 g | 1 kg | 2 kg

Dilicia's Kolhapuri Buffalo Milk Dahi is crafted from fresh buffalo milk, renowned for boosting immunity and enhancing gut health as a probiotic dairy product. It soothes inflamed or upset stomachs and helps inhibit the production of cortisol, thereby aiding in obesity control. Rich in magnesium, Dilicia's Kolhapuri Buffalo Milk Dahi is versatile and best enjoyed plain, with fruits, or used in cooking to add richness and creaminess to dishes.

## Classic Curd

Available in Pack Sizes

80 g | 150 g | 200 g | 400 g | 500 g | 1 kg | 2 kg | 10 kg | 20 kg

Classic curd is made with cow's milk. It is a nutritious dairy product obtained by fermenting fresh cow's milk with lactic acid bacteria. It is rich in calcium, protein, and essential vitamins, offering a creamy texture and a mildly tangy flavor. With its probiotic properties, cow's milk curd promotes digestive health and can be part of a balanced diet.

# Dilicia's Lassi

Available in Pack Sizes

200 ml

Dilicia Lassi continues the age-old Indian tradition of enjoying refreshing Lassi, a beloved beverage in households across India. It serves as a safe and healthy alternative to modern sodas and cold drinks. Lassi, a traditional Indian drink, is sweetened and prepared by blending yogurt with water and sugar, known for its thicker consistency.

Dilicia's Lassi is made from fresh yogurt blended with malai or thick cream, creating a creamy and velvety texture. Crafted with 100% buffalo milk, it ensures richness and wholesome flavor in every sip. Known for aiding digestion and cooling down during hot summers, Dilicia's Lassi is a delightful choice to beat the heat.

# Dilicia Buttermilk

Available in Pack Sizes

200 ml | 500 ml | 1000 ml

Buttermilk is a cultured dairy product traditionally made by fermenting milk with lactic acid bacteria, giving it a tangy taste and creamy texture. Buttermilk is rich in probiotics, promoting gut health and aiding digestion, making it a nutritious choice. From farm to table, our commitment to quality ensures every sip of our buttermilk is pure, fresh, and delicious.

# Dilicia Masala Buttermilk

Available in Pack Sizes

180 ml | 200 ml | 500 ml | 1000 ml

Dilicia Masala Buttermilk is a delightful and popular beverage enjoyed throughout India. This savory drink offers numerous health benefits and provides relief from various conditions. It combines buttermilk with a blend of spices and herbs, creating a refreshing and savory flavor profile. Ideal for hot summer days, Dilicia Masala Buttermilk can be enjoyed at any time of day. Key ingredients include buttermilk, cumin, coriander, and black pepper, offering a refreshing and flavorful experience.

SHRI DUTT INDIA PRIVATE LIMITED

# Table Butter

Available in Pack Sizes

200 g | 500 g

Dilicia's butter is crafted from high-quality cream, ensuring a creamy, delicious taste. It is known for its smooth texture and rich flavor, often used in cooking, baking, and as a spread. Butter contains essential fats, vitamins like A and D, and provides a source of energy.

## Dilicia's Ghee Made from Buffalo Milk

Available in Pack Sizes

200 ml | 500 ml | 1 ltr | 15 kg

Dilicia's Ghee, made from buffalo milk, is a cherished superfood deeply rooted in Indian tradition and recognized globally for its health benefits. It contains Medium-Chain Fatty Acids (MCFAs) and Conjugated Linoleic Acids (CLAs), which promote heart health and aid in weight management. Rich in Vitamin A for eye and skin health, and with Vitamin E and K supporting immunity and bone health, it also provides essential minerals like potassium, calcium, and selenium. Dilicia's Ghee, with its Omega-3 content, enhances sleep, boosts immunity, aids digestion, and supports skin and hair health.

## Dilicia Ghee Made from Cow Milk

Available in Pack Sizes

200 ml | 500 ml | 1 ltr | 15 kg

Dilicia's Cow Ghee is a revered staple in Ayurvedic medicine and Indian cuisine, celebrated for its holistic health benefits. Rich in essential nutrients and with potent antiviral, antioxidant, antifungal, and antibacterial properties, it provides approximately 7.9 grams of saturated fat per tablespoon.

This ghee supports digestion by aiding enzyme secretion and is easily absorbed due to its lower chain fatty acids. It maintains optimal bile production, promoting digestive health without compromising intestinal function. Dilicia's Cow Ghee strengthens bones and stamina, offering essential fat-soluble vitamins.

With Vitamin K2, it prevents arterial calcification, supporting heart health, and is particularly beneficial for children's growth, enhancing bones, muscles, brain, and teeth development while providing instant energy.

Dilicia's Cow Ghee enhances overall well-being and vitality for every family member.

# Malai Paneer

Available in Pack Sizes

100 g | 200 g | 500 g | 1 kg | 5 kg

Paneer is rich in protein and calcium, essential for bone health and muscle growth. It has a firm, slightly crumbly texture and is known for its mild, milky flavor, making it versatile in both savory and sweet dishes. This dairy product is popular in dishes like paneer tikka, palak paneer, and paneer butter masala, showcasing its adaptability in various recipes.

# Low Fat Paneer

Available in Pack Sizes

1 kg | 5 kg

Low-fat paneer is a healthier version of traditional paneer, made with skimmed or low-fat milk to reduce its fat content. Our low-fat paneer retains the creamy texture and richness of regular paneer while offering a lighter option for health-conscious consumers. Low-fat paneer can be used in various dishes like curries, salads, and sandwiches, adding nutrition without compromising on taste.

# Badam Shrikhand

Available in Pack Sizes

100 g | 250 g | 500 g

Shrikhand is a rich and creamy dessert made from strained hung curd. It is known for its thick consistency and indulgent taste. It is traditionally flavored with saffron, cardamom, and sometimes nuts like pistachios or almonds. It's a popular sweet dish enjoyed during festivals and special occasions, offering a delightful blend of sweet and aromatic flavors.

# Amba Shrikhand

Available in Pack Sizes

100 g | 250 g | 500 g

Amba shrikhand is a traditional Indian dessert made from strained hung curd and ripe mango pulp. It has a creamy and smooth texture with a delightful balance of sweetness from mangoes and tanginess from yogurt. It can be garnished with slivered nuts like almonds or pistachios for added texture and flavor.

# Basundi

Available in Pack Sizes

250 g | 500 g

Basundi is a rich and creamy Indian dessert made by simmering milk until it reduces to a thick consistency. It is flavored with cardamom and sometimes saffron, giving it a delightful aroma and taste. This dessert is popular in Gujarat, Maharashtra, and Karnataka, often enjoyed during festivals and special occasions.

# Butterscotch Flavoured Milk

Available in Pack Sizes

180 ml

Butterscotch Flavoured Milk offers a delightful blend of creamy dairy goodness with the rich, buttery sweetness of butterscotch. It's a perfect balance of smooth texture and a distinct caramel-like taste that appeals to both children and adults alike.

# Strawberry Flavoured Milk

Available in Pack Sizes

180 ml

Strawberry Flavoured Milk is a delicious dairy beverage that combines the goodness of milk with the sweet and fruity taste of strawberries. It is rich in calcium, protein, and essential vitamins, providing a nutritious option for a quick energy boost.

# Cold Coffee Flavoured Milk

Available in Pack Sizes

180 ml

Dilicia coffee-flavored milk combines the rich, bold taste of premium coffee with the creamy smoothness of fresh milk. Perfect for coffee lovers, it provides a delightful caffeine boost in a refreshing, ready-to-drink format.

# Badam Flavoured Milk

Available in Pack Sizes

180 ml

Almond-flavored milk combines the creamy richness of milk with the subtle, nutty essence of almonds for a deliciously unique taste. Crafted with care, our almond-flavored milk is free from artificial flavors and preservatives, ensuring a wholesome choice for your family.

# Chocolate Flavoured Milk

Available in Pack Sizes

180 ml

Chocolate-flavored milk blends rich cocoa with creamy milk for a delightful, indulgent treat. Ideal for kids and adults alike, chocolate milk satisfies your chocolate cravings while supporting a balanced diet.

## Kesar Elaichi Flavoured Milk

Available in Pack Sizes

180 ml

Our Kesar Elaichi flavored milk combines the rich essence of saffron (kesar) and cardamom (elaichi) for a luxurious taste experience. Made from the finest quality milk, it offers a creamy texture infused with aromatic spices, perfect for a refreshing treat.

## Mango Flavoured Milk

Available in Pack Sizes

180 ml

Dilicia Mango-flavored milk blends the creamy goodness of fresh milk with the tropical sweetness of ripe mangoes. It's a delightful and refreshing beverage perfect for a quick snack or an on-the-go treat.

## Pista Flavoured Milk

Available in Pack Sizes

180 ml

Pistachio flavored milk is a delicious dairy beverage infused with the rich, nutty taste of pistachios. Made from high-quality milk and natural pistachio flavoring, it offers a creamy texture with a hint of sweetness.

# Khoa Modak

Available in Pack Sizes Box

11 Nos | 21 Nos

Khoa Modak is a traditional Indian sweet made from khoa, a concentrated milk solid achieved by slowly simmering milk until it thickens. At our dairy, we ensure the highest quality by using fresh milk to prepare rich, creamy khoa for our modak. Perfect for festivals and celebrations, khoa modaks are cherished for their melt-in-the-mouth texture and flavourful taste.

# Pedha

Available in Pack Sizes Box

250 g | 500 g

Pedha is a popular Indian sweet made from khoa (reduced milk) and flavored with cardamom, saffron, and nuts. Dilia crafts pedhas using high-quality milk, ensuring a rich and creamy texture in every bite. Traditionally shaped into small, round discs, pedhas are often decorated with a touch of saffron or chopped pistachios.
